## ***New Rest Haven Built On Former Foundations***

HavenGroup continues to celebrate its milestone May 2022 opening of the new Rest Haven Care Home, a 143 bed facility made up of twelve households over an expanse of 96,000 square feet. The final phase of the Project, the upgrades and retrofit of 30,000 square feet of the former facilities, is progressing well and should be complete by the end of 2022.

*New Canopy, Rest Haven*

Rest Haven is currently licensed for 96 residents located on the 2nd and 3rd floors of the new build. The first floor is used for other support services in the interim. We have admitted more than 25 new residents over the last few months. Rest Haven's total resident population is encroaching 70. It is expected that Rest Haven will be home to 96 residents by calendar year end, significantly minimizing the overall Personal Care Home (PCH) wait list in Steinbach and area. At Project end, the remaining part of the facilities will be turned over to HavenGroup. The admission of additional residents beyond the initial 96 persons, will proceed beginning in 2023, subject to license approval and staffing.

*Landscaping, Rest Haven*

With the significant funding contributions of the Foundation, residents of Rest Haven can now enjoy the new physical facilities. In addition, staff, as they have in the past, continue to serve residents in an environment of comfort, purpose, and hope; significantly enhanced by utilizing DementiAbility elements in daily life activities. Therefore, we say with confidence—A New Rest Haven Built on Former Foundations!

*Paving, South Staff Parking Lot*

We are pleased that HavenGroup was able to hire 75 personnel over the last year, allowing us to provide excellence in care to our growing resident population. We expect that up to an additional 75 staff will need to join HavenGroup's current staff of 200 heading into 2023.

*2<sup>nd</sup> Floor Retrofit, Construction*

*1<sup>st</sup> Floor Retrofit, Construction*

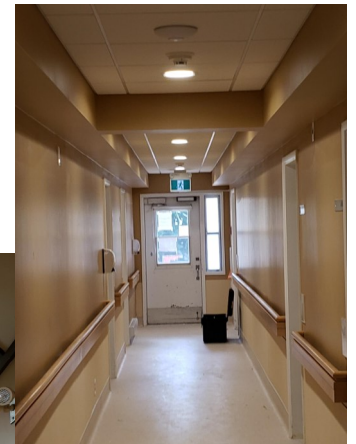

## ***Cedarwood Supportive Housing***

Cedarwood Supportive Housing began a Domestic Water, Lighting and Flooring Upgrade Project in June 2022, following the opening of the new Rest Haven and the departure of a number of residents. The Project is approximately 50% complete and new tenant admissions to the facility are targeted for November 2022.

Cedarwood Supportive Housing is extremely grateful for the \$200,000 contribution by the HavenGroup Foundation for the nearly \$500,000 cost of the Project. Stated succinctly, Cedarwood would not have been able to move forward on this long awaited Project without the support given by the HavenGroup Foundation.
