An Irish Blessing

May you be poor in misfortune

Rich in blessings

Slow to make enemies..

And fast to make friends!

Tickle Your Funny Bone

What's a lamb's favorite song in March?
"Ewe Light Up My Life."

A 61-year-old man told his doctor that he was no longer able to help around the house like he used to. After the doctor had finished examining him, the man said:
"Now, doc, tell me in plain English, what's wrong with me?"

"In plain English," the doctor said,
"you're just lazy."

"OK," said the man, "now give me the medical term so I can tell my wife."

March of Dimes Canada

Who We Are

March of Dimes Canada is a leading national charity committed to championing equity, empowering ability, and creating real change

that will help more than eight million people with disabilities across the country unlock the richness of their lives.

We serve, connect, and empower people with disabilities to participate fully in life – on their own terms.

Our work is grounded in the voices of the people we serve, built on a foundation of service, and backed by an over 70-year history of success.

Short History of St. Patrick's Day

Saint Patrick, who lived during the fifth century, is the patron saint of Ireland and its national apostle. Born in Roman Britain, he was kidnapped and brought to Ireland as a slave at 16. He later escaped, but returned to Ireland and was credited with bringing Christianity to its people.

Perhaps the most well-known legend of St. Patrick is that he explained the Holy Trinity (Father, Son and Holy Spirit) using the three leaves of a native Irish clover, the shamrock. In the centuries following Patrick's death (believed to have been on March 17, 461), the mythology surrounding his life became ever more ingrained in the Irish culture: Today, sadly as with most Christian holidays it has become commercialized, and used for tourism.

From the Chaplain

We are certainly appreciating the approach of spring this month, as we see the sun coming up earlier and the days getting longer!

One of the beauties of creation is the icicle.

Often forming on the edge of a roof through the melting, dripping, and refreezing of water, it can grow meters long and can dazzle and sparkle through the interesting shapes it forms.

How much do we notice these little marvels?

An icicle, a falling snowflake, or the hoarfrost on a window pane - beautiful reminders of God's handiwork around us.

The book of Job presents us with a number of interesting scenes, from the conflicts surrounding Job's suffering, to discussions between Job and God.

Near the end of the book we see how God asks Job a number of questions about creation (Job 38:28-29).

Hath the rain a father?

or who hath begotten the drops of dew?

Out of whose womb came the ice?

and the hoary frost of heaven, who has given it birth?

Interesting ways to picture ice or rain, but also reminders of how God orchestrates it all to work together in every detail, down to the smallest drop of rain!

This month, many celebrate Ash Wednesday and observe Lent, a 40-day period of fasting and prayer leading up to Easter and commemorating the 40 days of fasting Jesus went through as he began his ministry.

For many this is also a time of preparation for Easter.

Blessings to you as we enjoy the marvels of spring together!
